La Toilette de Psyché

"La Toilette de Psyché" (Psyche's Bath) by Fedele Fischetti is a work that portrays the myth of Psyche, a figure from Greek mythology. The story follows Psyche, a beautiful mortal, and her love for Eros, the god of love. After facing several trials and disagreements with the goddess Venus, mother of Eros, Psyche goes through a journey of self-discovery and transformation. The painting captures the moment when Psyche prepares to meet Eros, symbolizing the beauty and connection between the human and the divine. The work is rich in details and symbolism, reflecting themes such as love, beauty and overcoming. I chose this painting because I like this style of painting and the story sparked my interest.
